It teaches strategies to maintain open communication, build a relationship with your teenager and foster safe independence. Parents/carers will learn to better understand adolescents and appreciate what are reasonable expectations to hold. The program works towards giving parents/ carers a renewed sense of confidence about the role they can play in their teenagers' lives, without conversations morphing into arguments

123 Magic

Helps teach parents how to deal with their children's difficult behaviour by using an easy-to-learn and easy-to-use signalling system to manage children's difficult behaviour.
