parenting program & playgroup overview

123 Magic

3-week program for parents of 3 to 8 year olds

Helps teach parents how to deal with their children's difficult behaviour by using an easy-to-learn and easy-to-use signalling system to manage children's difficult behaviour. The signalling system requires the parent to use less talk and less emotion, which in turn encourages the development of children's ability to manage their emotional reactions to parental boundaries.

Mini Maxi Wednesday or Friday Playgroup

10-week program for parents/ carers of children under 5 years old

Mini Maxi Supported Playgroup aims to reduce social isolation and connect families to the community they live in. Mini Maxi also supports parents with information and guidance about issues they may be experiencing with parenting.
